WHAT IS A HEALTHY COMMUNITY AND ITS' INDICATORS? (V2.9-19-14)

ASPIRATIONAL GOAL: Meets Basic Needs of All

- **Domain:** Safe, Sustainable, Accessible and Affordable Transportation Options. Indicators include:
    1. (Available online). Annual number of fatal and severe road traffic injuries per population and per miles traveled by transport mode.
    2. (Available online). Annual miles traveled by occurrence and by mode.
    3. (Available online). Percent of residents aged 16 years and older mode of transportation to work.
    4. (Available online). Percent of population residing within <½ a mile of a major transit stop.
    5. Percent of household income spent on transportation.
    6. (Available online). Percent of population aged 16 years or older whose commute to work is 10 minutes per day or more by walking or biking.

- **Domain:** Affordable, Accessible and Nutritious Foods. Indicators include:
    1. (Available online). Average cost of a market basket of nutritious food items relative to income.
    2. Percent of population within ½ mile of a full-service grocery store, fresh produce market, or store with fresh produce.
    3. Percent of adults who consume ≥5 servings of fruits & vegetables a day.
    4. (Available online). Modified retail food environment index (mRFEI).

- **Domain:** Affordable, High Quality, Socially Integrated and Location-Efficient Housing. Indicators include:
    1. (Available online). Percent of households paying more than 30% (or 50%) of monthly household income towards housing costs.
    2. (Available online). Percent of household overcrowding (> 1.0 persons per room) and severe overcrowding (> 1.5 persons per room).
    3. (Available online). Household by type of family and head of household.
    4. Neighborhood Completeness Index (<½ mile radius for 7 out of 9 common public services and 9 of 12 common retail services).
    5. (Available online). Housing to jobs ratio.
    6. (Available online). Jobs: housing match (example: Percent of adult working population who could find a job that matches their general occupational qualifications within a specified travel radius of their residence).
    7. (Available online). Neighborhood change: 5-year change in number of households by income and race/ethnicity.
    8. Residential racial segregation: isolation index.

Information available at: CDPH.ca.gov program Healthy Community Indicators as of 10/31/14.

WHAT IS A HEALTHY COMMUNITY AND ITS' INDICATORS? (V2.9-19-14)

ASPIRATIONAL GOAL: Meets Basic Needs of All (continued).

- **Domain:** Affordable, Accessible and High Quality Health Care. Indicators include:
    1. Percent of adults aged 18 to 64 years without health insurance.
    2. Patient satisfaction rating by medical group.

- **Domain:** Complete and Livable Communities. Indicators include:
    1. Neighborhood Completeness Index (<½ mile radius for 7 out of 9 common public services and 9 of 12 common retail services).

- **Domain:** Access to Affordable and Safe Opportunities For Physical Activity. Indicators include:
    1. Percent of adults getting moderate/vigorous daily exercise.
    2. (Available online). Percent of children scoring 6 of 6 on Fitnessgram.

- **Domain:** Able To Adapt To Changing Environments, Resilient, and Prepared for Emergencies. Indicators include:
    1. Cities and counties with adopted climate action plans and FEMA-approved local hazard mitigation plans.
    2. Environmental resilience index (index composed of places with climate action and hazard mitigation plans and other Healthy Community Indicators -unemployment, lacking health insurance, educational attainment, income inequality, and registered voters-).

- **Domain:** Opportunities for Engagement with Arts, Music and Culture. Indicators include:
    1. Per capita revenue in nonprofit arts organizations.
    2. Percent of workers employed in artistic occupations.

Information available at: CDPH.ca.gov program Healthy Community Indicators as of 10/31/14.

WHAT IS A HEALTHY COMMUNITY AND ITS' INDICATORS? (V2.9-19-14)

ASPIRATIONAL GOAL: Quality and Sustainability of Environment

- **Domain:** Clean Air, Soil and Water, and Environments Free of Excessive Noise. Indicators Include:
    1. (Available online). Annual average number of unhealthy days of ozone air pollution.
    2. (Available online). Annual mean ambient concentration of fine particulate matter (PM2.5).
    3. Percent of households/population near busy roadways.
    4. Average daily water use per capita.
    5. (Available online). Percent of the population served by community water systems not meeting regulations of the Safe Drinking Water Act.
    6. Average daytime and night time outdoor noise levels.

- **Domain:** Tobacco and Smoke Free. Indicators Include:
    1. (Available online). Prevalence of smoking in adults and youth.

- **Domain:** Green and Open Spaces, Including Agricultural Lands. Indicators include:
    1. (Available online). Percent of population within ½ mile of park, beach, open space, or coastline.
    2. Acres of parkland per 1,000 residents.
    3. Acres of cropland converted to developed land.
    4. Tree canopy coverage (urban areas)**.**

- **Domain:** Minimized Toxics, GHG Emissions and Waste. Indicators include:
    1. Pounds of toxic chemicals released by reporting facility per capita/geographic area.
    2. Reported pesticide use.
    3. Annual per capita greenhouse gas (GHG) emissions.
    4. Total waste diversion (per capita disposal rate).

- **Domain:** Affordable and Sustainable Energy Use.
    1. Energy costs relative to household income.
    2. Percent of electricity from renewable sources.

ASPIRATION GOAL: Adequate Levels of Economic, Social Development

- **Domain:** Living wage, safe and healthy job opportunities for all. Indicators Include:
    1. (Available online). Unemployment rate: percent of the population in the labor force who are unemployed.
    2. (Available online). Overall, concentrated, and child (0 to 18 years of age) poverty rate.
    3. Number and rate of fatal and nonfatal occupational injuries by industry.
    4. (Available online). Living wage and percent of families with incomes below the living wage.

- **Domain:** Support for Healthy Development of Children and Adolescents. Indicators include:
    1. Percent of children who are kindergarten ready.
    2. Percent of resilient high school students.
    3. (Available online). Number of licensed daycare center slots per 1,000 children aged 0 to 5 years.

Information available at: CDPH.ca.gov program Healthy Community Indicators as of 10/31/14.

WHAT IS A HEALTHY COMMUNITY AND ITS' INDICATORS? (V2.9-19-14)

ASPIRATION GOAL: Health and Social Equity. Indicators Include:
1. Race/ethnicity equity score as a composite of multiple core indicators, including median income.
2. (Available online). Distribution of household income relative to the number of households, expressed on a 0 to 1 scale (Gini Index).
3. Place-based equity score as a composite of multiple core indicators calculated for census tracts.

ASPIRATION GOAL: Social Relationships that are Supportive and Respectful

- **Domain:** Robust Social and Civic Engagement. Indicators include:
   1. (Available online). Percent of adults (18 years or older) who are registered voters; percent of adults who voted in general elections.

- **Domain:** Socially Cohesive and Supportive Relationships, Families, Homes and Neighborhoods. Indicators include:
   1. Number of Forcible Rapes per 100,000 population.
   2. (Available online). Percent of children (<18 years) reported with neglect or physical sexual abuse.
- **Domain:** Safe Communities, Free of Crime and violence. Indicators include:
   1. (Available online). Number of violent crimes per 1,000 population.
   2. (Available online). Percent of the population within ¼ mile of alcohol outlets by type of establishment sales.

Information available at: CDPH.ca.gov program Healthy Community Indicators as of 10/31/14.
