

KAREN L. SMITH, MD, MPH  
Director and State Public Health Officer

State of California—Health and Human Services Agency  
**California Department of Public Health**

EDMUND G. BROWN JR.  
Governor

**NOTICE OF PROPOSED RULEMAKING**  
**Title 22. Social Security**  
**DPH-11-009 Medical Information Breach**  
**Notice Published: October 19, 2018**

Notice is hereby given that the California Department of Public Health (Department) is proposing the regulation described below. This notice of proposed rulemaking commences a rulemaking to make the regulations permanent after considering all comments, objections, and recommendations regarding the regulation.

**PUBLIC PROCEEDINGS**

The Department is conducting a 45-day written public proceeding during which time any interested person or such person's duly authorized representative may present statements, arguments or contentions (all of which are hereinafter referred to as comments) relevant to the action described in the Informative Digest/Policy Statement Overview section of this notice.

To request copies of the regulatory proposal in an alternate format, please write or call: Anita Shumaker, Office of Regulations, 1415 L Street Suite 500, Sacramento, CA 95814, at (916) 440-7718, email to [Anita.Shumaker@CDPH.ca.gov](mailto:Anita.Shumaker@CDPH.ca.gov) or use the California Relay Service by dialing 711.

**WRITTEN COMMENT PERIOD**

Written comments pertaining to this proposal, regardless of the method of transmittal, must be received by Office of Regulations by 5:00 p.m. on December 8, 2018, which is hereby designated as the close of the written comment period. Comments received after this date will not be considered timely.

Written comments may be submitted as follows:

1. By email to: [regulations@cdph.ca.gov](mailto:regulations@cdph.ca.gov). It is requested that email transmission of comments, particularly those with attachments, contain the regulation package identifier "DPH-11-009 Medical Information Breach" in the subject line to facilitate timely identification and review of the comment;
2. By fax transmission to: (916) 636-6220;
3. By postal service or hand delivered to: California Department of Public Health, Office of Regulations, 1415 L Street, Suite 500, Sacramento, CA 95814.

All submitted comments should include the regulation package identifier, "**DPH-11-009 Medical Information Breach**", with the comment author's name and email or mailing address.

## **PUBLIC HEARING**

A public hearing has not been scheduled for this rulemaking. However, the Department will conduct a hearing if a written request for a public hearing is received from any interested person, or his or her duly authorized representative, no later than 15 days prior to the close of the written comment period, pursuant to Government Code Section 11346.8.

## **ASSISTIVE SERVICES**

For individuals with disabilities, The Department will provide assistive services such as the conversion of written materials into Braille, large print, audiocassette, and computer disk. For public hearings, assistive services can include sign-language interpretation, real-time captioning, note takes, reading or writing assistance. To request these assistive services, please call (916) 558-1710 or (California Relay at 711 or 1-800-735-2929), email [Regulations@cdph.ca.gov](mailto:Regulations@cdph.ca.gov) or write to the Office of Regulations at the address noted above. Note: The range of assistive services available may be limited if requests are made less than 10 business days prior to a public hearing.

## **AUTHORITY AND REFERENCE**

The Department may promulgate the proposed regulation sections under the Department's regulatory authority provided by Health and Safety Code sections 131000, 131050, 131051, 131052 and 131200. The proposed regulation sections implement, interpret, and make specific Health and Safety Code section 1280.15.

## **INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW:**

### **Summary of Proposal**

The California Department of Public Health (Department) proposes to adopt Chapter 13 (sections 79900-79905) of Division 5, Title 22 of the California Code of Regulations to establish standards for assessing breaches of a patient's medical information, and administrative penalties related to such breaches.

### **Background**

In 2008, Health and Safety Code section 1280.15 (Code) was enacted. The Code requires clinics, health facilities, home health agencies, and hospices (collectively, the health care facilities) to prevent the unlawful or unauthorized access to, and use or disclosure of, patient medical information (breaches). The Code authorizes the Department to assess administrative penalties against these health care facilities.

### **Problem Statement**

The Department, in its efforts to assess administrative penalties for breaches of patient medical information pursuant to the Code, requires regulations to establish a framework by which administrative penalties will be assessed in a fair and consistent manner, as well as to clarify reporting requirements for the health care facilities.

## **Objectives (Goals) of the Regulation**

Broad objectives of this proposed regulatory action are:

- Fewer breaches of patient medical information.
- Increased vigilance by health care facilities to protect patient medical information.
- Closer alignment of state and federal law relating to patient medical information breaches.
- Improved patient experiences for the people of California.

## **Anticipated Benefits**

- Increased security of patient medical information.
- Health care facilities will be more protective of patient medical information.
- Health care facilities will be more efficient in their internal data protection processes due to federal and state alignment.
- Health care facilities will be more efficient in responding to breaches due to federal and state alignment.
- Increased consumer confidence in the security of medical information.
- Increased transparency and consistency in calculation of assessed penalties.

## **EVALUATION AS TO WHETHER THE PROPOSED REGULATIONS ARE INCONSISTENT OR INCOMPATIBLE WITH EXISTING STATE AND FEDERAL REGULATIONS**

The Department has reviewed existing state and federal regulation related or affect this area and concludes that the proposed regulations are compatible or consistent with existing state and federal regulations. Under the Health Insurance Portability and Accountability Act (HIPAA), the federal government has established provisions relating to medical information breaches. In drafting these proposed regulations, the Department has extensively used the HIPAA regulations as a model for developing its own. However, in some cases the HIPAA provisions differ from the final regulations proposed herein. These differences are often the result of variation between existing state and federal law as they relate to privacy and medical information (i.e. differences between underlying statutorily defined terms). In other cases, the Department has modeled its regulations after HIPAA regulations, but constructed them differently when the Department finds such changes are in the best interest of the people of California. HIPAA's provisions are meant to be a "floor" for patient protection standards and a state may enact its own laws and regulations under certain circumstances, including, but not limited to, when the state's law provides greater protection. (45 C.F.R. §§ 160.201-205 (2013).) Therefore, the Department concludes that the proposed regulations are consistent with existing state and federal laws.

## **FORMS INCORPORATED BY REFERENCE**

Not applicable.

## **MANDATED BY FEDERAL LAW OR REGULATIONS**

Not applicable.

## **OTHER STATUTORY REQUIREMENTS**

Not applicable.

## **LOCAL MANDATE**

The Department has determined that this regulatory action would not impose a mandate on local agencies or school districts, nor are there any costs for which reimbursement is required by part 7 (commencing with Section 17500) of division 4 of the Government Code.

## **DISCLOSURES REGARDING THE PROPOSED ACTION**

### **FISCAL IMPACT ESTIMATES**

- A) Cost to any local agencies or school districts that must be reimbursed pursuant to Section 17561 of Government Code:**  
The proposed regulations do not impose costs on any local agency or school district for which reimbursement would be required pursuant to part 7 (commencing with section 17500) of division 4 of the Government Code.
- B) The cost or savings to any state agency:**  
The department estimates that the overall effect will be cost neutral as affected regulated entities are already paying the financial penalties as appropriate under existing statutes. State operated facilities may receive fines if they fail to comply with patient medical information requirements.
- C) Impact on any cost or savings in federal funding of the program:**  
There is no federal funding effected by the proposed regulatory action.
- D) Other nondiscretionary costs or savings imposed on local agencies:**  
The proposed regulations do not impose other nondiscretionary costs or savings on any local agencies.

## **HOUSING COSTS**

The Department has determined that the regulations will have no impact on housing costs.

## **SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS, INCLUDING ABILITY TO COMPETE**

The Department has made an initial determination that these regulations would not have a significant statewide adverse economic impact directly affecting businesses, and individuals, including the ability of California businesses to compete with businesses in other states.

## **STATEMENT OF THE RESULTS OF THE ECONOMIC IMPACT ASSESSMENT**

The Department has made an initial determination that these regulations would not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

The proposed regulations would not significantly affect:

- The creation or elimination of jobs within the state because the Department estimates that the regulation's financial impact would be cost neutral and affected regulated entities are already paying the financial penalties as appropriate under existing statutes.
- The creation of new businesses or the elimination of existing businesses within the state because the Department estimates that the regulation's financial impact would be cost neutral and both existing and potential new businesses would pay similar financial penalties as appropriate under existing statutes.
- The expansion of businesses currently doing business within the state because the Department estimates that the regulation's financial impact would be cost neutral and affected regulated entities are already paying the financial penalties as appropriate under existing statutes.
- The regulatory action protect the patient's privacy rights regarding disclosures of medical information. Maintain security standards to prevent breaches which creates a positive impact to the health, safety and welfare of California. Also, the economy is not impacted because the Department estimates that cost is neutral as affected regulated entities are already paying the financial penalties as appropriate under existing statutes.

## **COST IMPACTS ON REPRESENTATIVE PERSON OR BUSINESS**

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

## **BUSINESS REPORTING REQUIREMENT**

The proposed regulations require that health care facilities must report to the Department details regarding unlawful or unauthorized access to patients' medical information. The Department has found that it is necessary for the health, safety, or welfare of the people of the state.

## **EFFECT ON SMALL BUSINESS**

The Department has determined that there would be an effect on small business because small businesses will be legally required to comply with the regulation and may incur a financial penalty from the enforcement of the regulation. Depending on the type and frequency of information breach, a penalty would vary from no cost to a potentially substantial cost. However, the proposed regulation has a mechanism to adjust costs for facilities for which penalties are a burden.

### **SPECIFIC TECHNOLOGIES OR EQUIPMENT**

This regulation does not mandate the use of specific technologies or equipment.

### **ALTERNATIVES CONSIDERED**

The Department must determine that no reasonable alternative considered, identified, or otherwise brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed; would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of the law.

### **CONTACT PERSON**

Inquiries regarding the substance of the proposed regulations described in this notice may be directed to Chelsea Driscoll (916) 552-8778. All other inquiries concerning the action described in this notice may be directed to, Anita Shumaker, Office of Regulations, at (916) 440-7718, or to the designated backup contact, Charlet Archuleta, Office of Regulations, at (916) 440-9403.

### **AVAILABILITY STATEMENTS**

The Department has prepared and has available for public review an initial statement of reasons for the proposed regulations, all the information upon which the proposed regulations are based, and the text of the proposed regulations. The Office of

Regulations, at the address previously noted, will be the location of public records, including reports, documentation, and other material related to the proposed regulations.

In order to request that a copy of this public notice, the regulation text, and the initial statement of reasons or alternate formats for these documents be mailed to you, please call (916) 440-7718 (or the California Relay Service at 711), or send an email to [regulations@cdph.ca.gov](mailto:regulations@cdph.ca.gov), or write to the Office of Regulations at the address previously noted. Upon specific request, these documents will be made available in Braille, large print, audiocassette, or computer disk.

The full text of any regulation which is changed or modified from the express terms of the proposed action will be made available by the Department's Office of Regulations at least 15 days prior to the date on which the Department adopts, amends, or repeals the resulting regulation.

A copy of the final statement of reasons when prepared will be available upon request from the Office of Regulations.

#### **Internet Access**

Materials regarding the action described in this notice (including this public notice, the text of the proposed regulations, and the initial statement of reasons) that are available via the Internet may be accessed at [www.cdph.ca.gov](http://www.cdph.ca.gov) and by clicking on the following: Programs, Office of Regulations, and the Proposed Regulations link.
