

UPDATED INFORMATIVE DIGEST

There has been no change in applicable laws from the laws described in the Informative Digest/ Policy Statement Overview, as published in the Notice of Proposed Regulatory Action. There has been a change in the effect of the proposed regulations from the effect of the proposed regulation as described in the Informative Digest/Policy Statement Overview, as published in the Notice of Proposed Regulatory Action. The change in the effect of the proposed regulation is caused by a change in the text, which limits who must complete the required training from all physicians practicing in a facility to all medical directors employed by a facility. This change reduces the number of physicians who must complete the required LGBT training. A copy of the revised informative digest is available upon request.
