EDMUND G. BROWN JR.
Governor

July 11, 2013

AFL 13-18

TO: All Health Care Facilities

SUBJECT: Fiscal Year (FY) 2013-2014 License Renewal Fee Schedule Notification

AUTHORITY: Health and Safety Code Section 1266

This All Facility Letter informs you of the Fiscal Year (FY) 2013-2014 license renewal fees as approved by the Governor and effective on July 1, 2013 (See Attachment A). All health facilities are subject to license renewal fees according to Health and Safety Code Section 1266.

The FY 2013-2014 fee schedule may be found by accessing the California Department of Public Health (CDPH), Licensing and Certification Program (L&C) website, at: <http://www.cdph.ca.gov/pubsforms/fiscalrep/Documents/LicCertFeeListing13.pdf>.

PLEASE FORWARD A COPY OF THIS INFORMATIONAL LETTER TO THE PERSON OR COMPANY THAT NORMALLY REMITS PAYMENT FOR RENEWAL OF YOUR HEALTH FACILITY OPERATING LICENSE.

Renewal Notices

A renewal notice/application is sent to the facility's licensee 45-120 days prior to the facility's license expiration date.

It is the responsibility of the facility's licensee to obtain a renewal notice. If you have not received a renewal notice within 45 days prior to your license expiration date, contact the Grant and Fiscal Assessment Unit (GFAU) by email at RCollection@cdph.ca.gov or by telephone at (916) 552-8700 or (800) 236-9747.

If you have not received your renewal notice within 15 business days of your license expiration date, either contact GFAU or use the attached fee schedule to calculate the fee amount required for your facility. Do not wait for a renewal notice to pay your license renewal if your current license is expiring within 15 business days.

Mail your payments prior to your license expiration date. California law does not allow for a grace period. All fees must be paid in full on or before the current license expiration date regardless of having received a renewal notice.

Late Payment Penalties

Health and Safety Code Section 1266.5 requires L&C to impose late payment penalties for health facilities and agencies for delinquent license renewal payments. Late payment penalties are statutorily set and cannot be waived. The post office or delivery service postmark dates are used to establish date of receipt.

Medi-Cal Offsets

L&C may, upon written notification to the licensee, offset any moneys owed to the licensee by the Medi-Cal program or may use a collection agency to recoup the license renewal fees and any associated late payment penalties.

How to Complete Your License Renewal

1. Ensure that the number of beds/facilities (if applicable) is correctly listed on your renewal fee page. Contact your local District Office immediately if these figures are incorrect.
2. Clearly print all license numbers that your payment will cover on the front of any payment.
3. Cut off the bottom portion of the renewal notice fee page for each facility you will be paying for and include them in the payment envelope/package.
4. Mail the application portion of the renewal notice to the local District Office as indicated on the bottom of Page 3 of the application. Do not mail to GFAU as this may delay receipt of your license. GFAU will not be responsible for lost applications.
5. Be sure to address your envelope/package using one of the GFAU payment addresses listed below. These addresses have changed in recent years.
6. To prevent delays in obtaining the renewed license, mail only the renewal payment to L&C, GFAU at one of the addresses below:

Normal Mailing Address	Delivery Service Mailing Address
California Department of Public Health Licensing and Certification Program Grant and Fiscal Assessment Unit MS 3202 P.O. Box 997434 Sacramento, CA 95899-7434	California Department of Public Health Licensing and Certification Program Grant and Fiscal Assessment Unit MS 3202 1615 Capitol Avenue, Suite 73.481 Sacramento, CA 95814-5015

7. It is strongly suggested that licensees use a mailing method that includes the ability to track the status of mailed payments.
8. Allow 4-6 weeks for processing of your license due to heavy workloads.
