- Represents zero events.

1

The list of races in this table is compiled by identifying mothers who were reported as being of Two or More Race Groups before tabulating single races. Unknown includes refused to state. This list is not comparable with races used in Vital Statistics of California reports prior to 2000. See Chapter 6.

Note: Includes only those fetal deaths of 20 weeks or more gestation. Gestation is calculated from reported date of last menses.
