

California's Statewide Plan to Promote Health and Mental Health Equity:

The Office of Health Equity, California Department of Public Health, would like your input through completion of the following survey to help develop California's Statewide Plan to Promote Health and Mental Health Equity. The plan will be broken into two phases: Phase I from July 2014 to June 2017 and Phase II from July 2017 to June 2019.

One of the duties of the California Department of Public Health Office of Health Equity (OHE) is to develop strategic plans "regarding specific issues affecting vulnerable communities and vulnerable places to increase positive health and mental health outcomes for vulnerable communities and decrease health and mental health disparities and inequities," and OHE "shall seek input from the public on the plan through an inclusive public stakeholder process "(Section 131019.5 of the California Health and Safety Code: http://www.cdph.ca.gov/programs/Documents/Health_and_Safety_Code_131019.5).

We invite you to participate in a survey designed to capture comprehensive feedback on the proposed strategic initiatives and goals. Feedback is being sought from a diverse range of stakeholders within various California communities and institutions serving California communities. This is an opportunity to identify your priorities, provide input, step up as a partner, and offer your recommendations. We thank you for engaging in this historic process, in which we are building the first ever California Statewide Plan to Promote Health and Mental Health Equity.

While responses are not required for all questions, your comprehensive input is encouraged. You are welcome to work on the survey alone or as part of a team. Some questions may require some thought; we anticipate it may take 30 to 45 minutes to complete the survey. However, you are welcome to complete as much or as little of the survey as you like.

PLEASE COMPLETE THIS SURVEY BY APRIL 25, 2014. HOWEVER, FEEDBACK WILL BE ACCEPTED THROUGH MAY 13, 2014.

If you choose to submit a hard copy of this survey, please either:

Scan and email to: OHE@cdph.ca.gov,

Fax to: 916-552-9861, or

Mail to: California Department of Public Health | Office of Health Equity | PO Box 997377, MS 0022 | Sacramento, CA 95899-7377 | Attn: Tamu Nolfo

Should you need additional assistance, please email OHE@cdph.ca.gov and one of our staff will respond to your inquiry.
