

# 2016 Champion Alliance Workshop

## Sacramento and Garden Grove

For CalFresh information, call 1-877-847-3663. Funded by USDA SNAP-Ed, an equal opportunity provider and employer.

## Thank You!

We would like to thank you for your participation at our recent statewide Champion Alliance Workshops (CAW) in Sacramento and Garden Grove.

The workshops were a great success with more than 100 Champions and staff from Local Health Departments (LHDs), Champion Alliance Partners (CAPs), Local Implementing Agencies (LIAs) and State Implementing Agencies (SIAs) attending.

Our goal for this year's Champion Alliance Workshops was to facilitate introductions between Funded Partners, CAP partners and existing Champions for Change in order to spark discussions about recruitment and engagement activities. We hope that this exchange of ideas led to the building of stronger local alliances working together to grow the Champions for Change program.

If you would like to review or share with your staff the PowerPoint presentations from these workshops, please visit our Champions for Change Resources page (be sure to click on the plus sign to the left of the title "Champion Alliance Workshop Series"). In addition to the CAW materials this link has additional recruitment tools and other valuable information for advancing the Champions for Change program.

We look forward to providing you with updates on developments in the Champion Alliance Program very soon. In the meantime, we will continue to watch and learn from you as you further engage and empower Champions from all corners of California and grow this movement, person by person, family by family, and community by community.

Best Regards,

The NEOPB Statewide Media & Public Relations Team  
California Department of Public Health's Nutrition Education and Obesity Prevention Branch (NEOPB)
