

# Curriculum Modification Process

The purpose of the Curriculum Modification Process is to empower LIAs by enabling curriculum modifications that will better serve SNAP-Ed target audiences. This process makes it easy for LIAs to access and add to the Curriculum Modification Sharing Resource as well as document their own curriculum modifications. This will also help LIAs simplify curriculum planning for the future.

1. Check [California SNAP-Ed Integrated Curricula List](#) and [SNAP-Ed Connection Curricula List](#) to make sure there are no other comparable lesson plans that can be used instead of making the modification.
2. Check Curriculum Modification Table of all updated modifications (link coming soon when LIAs start logging modifications) to see if modification being considered has already been done.
3. Review Curriculum Modification Guidance Tool (insert hyperlink) to see if modification being considered is allowable.
4. If modification is allowable, make curriculum modifications.
5. Once curriculum is modified, log modification on the [Curriculum Modification Sharing Resource](#) . See Instructions below. **Note: Only selected LIA representatives will have access to this resource.**

## Logging Curriculum Modifications

1. Go to [Curriculum Modification Sharing Resource](#) . Click **new item**.

Curriculum List Category	Curriculum Name	Modification Type
Preschool	Color Me Healthy	Translation
Middle School	Food Smarts Workshops	Literacy Level

2. Complete modification form and click **Save**.

Have you checked the current CA SNAP-Ed Integrated Curricula List?    
 Check CA SNAP-Ed Integrated Curricula List at <http://www.cdph.ca.gov/programs/NEOPB/Pages/ApprovedSNAP-EdMaterials.aspx>

Have you checked the Curriculum Modification Log?    
 Check Curriculum Modification Log at <http://www.cdph.ca.gov/programs/NEOPB/Pages/ApprovedSNAP-EdMaterials.aspx>

Curriculum List Category \*
