Heroin and HIV: What Clinicians Need to Know

Facilitated by:

Beth A. Rutkowski, MPH
Pacific Southwest Addiction
Technology Transfer Center

REGISTER ONLINE:

<http://preview.tinyurl.com/March302015>

By the end of this training participants will be able to:

- 1) Review the neurobiology, medical consequences, and epidemiology of heroin abuse.
- 2) Explain why and how heroin use increases a user's risk of being exposed to HIV.
- 3) Discuss the key concepts of at least three effective behavioral interventions and three medical interventions for heroin abuse.
