

The Health Research & Education Trust (HRET) has a resource for providers entitled:

"HIV Testing and Screening Cost and Reimbursement Toolkit"

The HRET, an affiliate of the American Hospital Association, has produced a FREE downloadable toolkit on HIV testing and screening cost and reimbursement. The package of tools helps providers that want to start or expand a routine HIV screening or diagnostic testing program.

This toolkit includes:

- [Summary of key issues](#), question and resources
- [Chart](#) highlighting which payers reimburse for testing and screening
- [Basic cost calculator](#) to estimate expenses and revenue of a testing program

Questions? Please email questions to [Joan M. Miller](#), MHA, Senior Researcher, HRET, or call (312) 422-2619
