1:00 Adjourn

Next Meeting: December 19, 2013

Agenda Items for Next Meetings

- **Proposed legislative language for ambulatory care infection control oversight (CACDC drafting)**
- **Proposed language for letters to Covered California, including contracting with LHDs for essential public health services as part of future contract language for the various insurance plans participating in the health benefit exchange (CACDC drafting).**
- **Update on “Bite Book” -- *Curtis Fritz, D.V.M., M.P.H.***
- Public Health Accreditation in relationship to communicable disease control
- Implications of the Affordable Care Act on communicable disease control and prevention, including the LIHP and Ryan White issues for HIV
- Infectious causes of dementia (e.g. prions, parasitic, etc.)
- Communication with blood donor testing
- Interventions to reduce norovirus in residential care settings
- Current thinking of the utility of the public health microbiology certificate requirement for public health laboratory directors in California
- Trends and implications of non-culture diagnostic test and subsequent loss of more precise “fingerprinting” tests (e.g., PFGE, molecular genotyping), including what mechanisms should be put into place for ensuring culture-based tests for public health purposes (CACDC is exploring this).
- CTCA to report back on the desirability and feasibility of a statewide procurement mechanism (in collaboration with CDPH) as well as possible national mechanisms (in collaboration with CDC) to avoid such shortages as the current INH shortage and report back to the CDCP Committee.
