

H1N1 and Seasonal Flu Guidance Chart

Protecting Yourself, Protecting Others

IF YOU HAVE FLU SYMPTOMS:

Use the guidelines in this table to help make the best decision for you and your loved ones. Always use hygiene and prevention measures to avoid contamination:

- Wash your hands frequently
- Cough or sneeze into the crook of your elbow rather than into your hands
- Keep your surroundings clean

<p>SITUATION FOR AN ADULT OR CHILD The person does not have a fever (temperature less than 38°C or 100.4°F), but does have these symptoms:</p> <ol style="list-style-type: none"> 1. Sore throat 2. Runny nose 3. Stuffy nose 4. Cough 	<p>GUIDANCE* Probably a cold. Rest is indicated.</p>	<p>GENERAL INFORMATION If you decide to seek care, please be aware of the symptoms that the emergency rooms take serious and treat first. Seek other ways to care for yourself if you don't fall into the Orange or Red categories.</p> <p><u>Tulare County Web Sites:</u> Tulare County Health and Human Services Agency web site: www.tularehhsa.org</p> <p>Tulare County PHEP web site at: www.tularecountybt.com</p> <p>Other web sites: www.cdc.gov.h1n1flu</p> <p><u>For information by phone:</u> Tulare County Information Line: 1-800-834-7121</p> <p>CDPH H1N1 Flu Hotline: 1-888-865-0564</p> <p><u>Important Phone Numbers:</u></p> <p>Your Doctor:</p> <p>Your Pharmacist:</p>
