

## CACDC Annual Conference 2013

### Poster Session Instructions

The theme of this year's annual conference is "Collaborating with Laboratories in the Era of New Diagnostics." In addition to oral presentations, we invite poster presentations that also address this theme.

**What:** We invite posters that

- Demonstrate good public health epidemiology
- Demonstrate public health program evaluation methods
- Show how laboratory testing has impacted surveillance and/or investigation activities
- Posters that have been previously presented at NACCHO, CSTE or APHA this year are welcome.

**How:** If you will be developing a new poster, send your poster abstract in the format on the "Poster Session Abstract Page" (attached) to the CACDC Secretary at [mcheung@ochca.com](mailto:mcheung@ochca.com). If you will be submitting a poster that you've already presented elsewhere, send a copy of the poster in power point or pdf format to [mcheung@ochca.com](mailto:mcheung@ochca.com).

**When:** Submit your poster abstract or poster by Friday, October 11, 2013. We will contact you regarding your poster submission by Friday, October 18, 2013.
