

1. How does this project align with the mission and purpose of your organization, including both the association/alliance and its member congregations?

2. Describe the race/ethnicity, gender, age and income level of the audiences that will be served by the project. Please include the number of church sites and membership numbers.

3. How will the project be managed, including programmatic, administrative, and fiscal management?

4. What approach[es] will be used to implement the project in the following areas:
- a. Recruiting church sites for participation and motivating them to implement Body & Soul and its complementary activities, including organization and community change activities led by the congregation;
  - b. Providing training and ongoing technical assistance and maintaining regular communications with participating churches;
  - c. Identifying and involving Champion Pastors; and
  - d. Collaborating with local, regional, and state partners.

Additional space for Question 4

5. Describe the impact you anticipate this project will have after three years of funding. The applicant should envision specific outcomes or deliverables that did not necessarily exist at the beginning of the project and that would clearly benefit the target audience in measurable ways.

6. Describe how your organization will sustain these efforts in the absence of *Network* funding after the three-year contract.
