

“The Network Statewide Collaborative focuses on the future and provides information that is cutting edge.”

“Participation in the NSC is a unique opportunity to contribute to the shaping of messages, campaigns and programs which can greatly impact the health of Californians. It is very special when so many diverse stakeholders come together to figure out the best way to approach and resolve the important task of empowering communities to become change agents in improving their health.”

“NSC members have an opportunity to review initiatives and tag lines that help shape the persona of the Network.”

Network Statewide Collaborative

The Statewide Collaborative of the *Network for a Healthy California* (Network Statewide Collaborative or NSC) was established by the California Department of Public Health Services to support the effective, well-organized delivery of Supplemental Nutrition Assistance Program Education (SNAP-Ed), formerly Food Stamp Nutrition Education (FSNE).

The purpose of the NSC is to provide necessary ongoing support, program coordination and collaboration, and best practice sharing for SNAP-Ed funded projects throughout the state.

NSC Executive Committee

The NSC Executive Committee consists of members of the NSC whose work captures the goals of the *Network*.

The purpose of the Executive Committee is to provide leadership functions on behalf of the NSC between the scheduled meetings of the NSC.

Pastor Glovioell Rowland, Ph. D
Co-Chair, Executive Committee
USC/Norris Comprehensive Cancer
Center, Keck School of Medicine

Laura Brainin-Rodriguez, MPH, MS,

Kari Tuggle, MS, RD
Orange County Superintendent of
Schools

Antronette Yancey, MPH, MD
University of California Los Angeles
School of Public Health

Network Operations Subcommittee

The purpose of the Operations Subcommittee of the NSC is to make recommendations to the *Network* regarding *Network* operations, particularly those that directly affect local contract management.

While final decision-making authority will rest with the *Network*, the quality of those decisions and the strength of state-local partnerships and collaboration will be enhanced with input from the *Network's* key stakeholders.

Meeting Dates

Network Statewide Collaborative:
November 15, 2011 (tentative)

Network Annual Conference:
March 2012
