

# Clean Hands—Safe Injections Initiative

Safer  
Care &  
Better  
Health

## Raise the Bar and Come to the Kick-Off Event for Ambulatory Surgical Centers Friday, July 15, 2016

### IMPROVING HAND HYGIENE AND SAFE INJECTION PRACTICES

Partner with the experts: Health Services Advisory Group (HSAG), the California Department of Public Health (CDPH), and the California Ambulatory Surgery Association (CASA).

#### Learning Objectives:

- Review the available tools and models that enable best practices in hand hygiene and safe injection practices, based on interventions from the World Health Organization and the Centers for Disease Control and Prevention to eliminate healthcare-associated infections (HAIs).
- Recognize the clinical impact of preventable HAIs.
- Examine the business case of HAIs for ambulatory surgical centers (ASCs), including future Centers for Medicare & Medicaid Services (CMS) payment penalties.

#### WHEN

Friday, July 15, 2016  
1–4 p.m.  
Informal networking to follow

#### WHERE

Oakland Masonic Lodge  
3901 Broadway
