<p><i>macy/nursing/veterinary/podiatry/optometry schools and residency training programs and for current practicing clinicians (physicians, pharmacist, dentists, nurse practitioners, physicians assistants, podiatrists, optometrists, etc.) via continuing education requirement in antimicrobial resistance/stewardship for licensure</i></p> <ul style="list-style-type: none"> • List of Schools • List of residency training programs <p>Components of ASP for skilled nursing facilities: SB361: On or before 1/1/17, each skilled nursing facility, as defined in subdivision © of Section 1250, shall adopt and implement an antimicrobial stewardship policy that is consistent with antimicrobial stewardship guidelines developed by CDC and CMS, SHEA or similar recognized professional organizations</p>	<p>was made to attempt to shorten the letter to one page to ensure readability. Members agreed the last sentence of the first paragraph could be potentially removed. Another recommendation was to bold the action item sentence in the last paragraph to draws their eyes to the action that needs to be taken. Members all agreed to present the letter with the proposed edits to CDPH at the next HAI-AC meeting in August.</p> <p>Members reviewed the draft survey questions to determine additional questions to be added or to be edited accordingly. A recommendation was made to edit question #3, option C and D from General Physician and Pharmacist to Non-ID Trained Physician or Pharmacist. A recommendation was made to question #5 to add an option C unknown. It was recommended to add a line to question #7, option E to allow information to be written. Recommendations were made to add an option C unknown to both questions #9 and #10. Members all agreed to present the survey with the proposed edits to CDPH at the next HAI-AC meeting in August.</p> <p>The list of all the California Health Professional schools and Residency Training Programs for dental, medical, pharmacy, physician assistants, nurse practitioners and residency training programs was reviewed for completeness. Members all agreed to present the list to CDPH at the next HAI-AC meeting in August.</p> <p>The tiered ASP components for SNFs were reviewed. Bullet #2 under the Basic Tier will be broken into 2 bullets. The new bullet #3 will be changed from hospital quality committee to the QAPI committee. Bullet #5 should spell out IDSA in its entirety since it is the first time it is mentioned in the document. A recommendation was made to add “about the purpose and goals of ASP at least annually” for Education of Staff to bullet #7. Bullet #8 is to be shortened by removing the wording “reported as days of therapy per 1000 days”. Bullet #9 is to be removed from the Basic tier entirely. At the beginning of bullet #10 “Prior to prescribing” is to be added to the sentence and “indication” is to be added at the end of the sentence. Bullet #11 is to add the word “implement” at the beginning of the sentence and update it to read “patient assessment</p>	<p>Chair to continue discussion at the next meeting.</p>
