# 2014 HAI - Public Education Campaign

## Current Steps:

- Content: Members are Examining Educational Resources to Help Build a Statewide Educational Campaign
  - The Intent to Have a Focus Group to Help Determine if Materials are Easily Understood by Non-Clinical People

## Next Steps:

- Soliciting IP Educators: Logical place to recruit is CA APIC Coordinating Council (CACC) and approach the California Hospital Association and American Association of Retired Persons (AARP)
- Train-the-Trainer: Deferred until further discussion with IPs is finalized
- Scheduling and Logistics: Include social clubs, churches, synagogues, mosque, community groups, Lyons Club, and others.
- Additional Suggestions: Perhaps CACC, Kaiser or HealthCare Foundations could help produce a YouTube video of the training
