CALIFORNIA PACIFIC MED CTR, PACIFIC CAM HOSP, SAN FRANCISCO								
CALIFORNIA PACIFIC MED CTR, CA WEST CAM HOSP, S F								
VIBRA HOSP OF SAN DIEGO, SAN DIEGO	20	8956	22084	0.41	2.2	(1.4, 3.4)	●	⊙

* Hospitals with only one acute care campus associated with their license were listed by the campus name; hospitals with more than one campus associated with their license were listed by licensee names with acute care campus name(s) indented below

**Statistical interpretation indicates, compared with California (CA) and U.S. average rates, hospital-specific rates that were significantly (statistically) higher (●), lower (○), no different (⊙), not tested due to unstable rates (—) or not tested due to too few hospitals reporting (*)

† Hospital reported infection data aggregated over all acute care campuses

‡ Hospital reported infection data separately by acute care campus

Notes: Rate per 1000 central line days; device utilization ratio is central line days/patient days for months when central lines were used; 95% confidence interval calculated for rates based on exact Poisson distribution; ----- indicates data not shown due to unstable rates; long term acute care special care locations specialize in patients suffering from medically complex conditions, or patients who have suffered recent catastrophic illness or injury and require an extended stay in an acute care environment
