

Table 5. Number of CLIP observations and 100% bundle adherence in ICUs by occupation of inserter in general acute care hospitals, California, January 1, 2009 through March 31, 2010.

Occupation of inserter	Number of CLIP observations, n (% of total)	Number of CLIP observations with 100% bundle adherence, n (%)
Medical student	59 (<1)	58 (98.3)
IV team	32080 (40.8)	30822 (96.1)
PICC team	930 (1.2)	883 (95.0)
Other	17481 (22.2)	16468 (94.2)
Physician assistant	598 (<1)	544 (91.0)
Fellow	1382 (1.7)	1256 (91.0)
Other medical staff	7359 (9.4)	6632 (90.1)
Intern/resident	5366 (6.8)	4803 (89.5)
Attending Physician	13362 (17.0)	11768 (88.1)
Other student	26 (<1)	22 (84.6)
Unknown	253 (<1)	239 (94.5)
