*Director*

State of California—Health and Human Services Agency  
California Department of Public Health

ARNOLD SCHWARZENEGGER  
*Governor*

October 22, 2009

**IMPORTANT NOTICE**  
**Application and Renewal Fee Changes**

To: All California and Out-of-state Clinical Laboratory Facilities and  
Phlebotomy personnel  
Regarding: New Clinical Laboratory License and Registration Fees and Phlebotomy  
fees

The 2009 California State Legislature recently passed SB 744 which was signed into law by the Governor on 10/11/09. This bill amended the Business and Professions Code relating to clinical laboratories and phlebotomy personnel, specifically sections 1206, 1223, 1246, 1300, and 1302 and added Section 1300.2. The bill contained an urgency clause and is effective immediately.

The major changes are:

- The application and renewal fees for phlebotomy certification have been changed.
- Clinical laboratory license fees will no longer be a single standard fee, but will be calculated for each laboratory based upon the annual volume of moderate and high complexity clinical laboratory tests performed by the laboratory. Clinical laboratory registration fees for Waived or Provider Performed Microscopy (PPMP) will remain as a single standard fee for each registration type.
- A clinical laboratory, licensed or registered, that does not renew its license or registration by its expiration date, but renews within 60 days after the expiration date, will be assessed a delinquency fee equal to 25% of its renewal fee.
- Not-for-profit, or federal, state, or local government laboratories that engage in limited public health testing that have included multiple sites under a single license or certificate will be assessed an additional fee for each location.

The application, renewal and delinquency fee schedule, as authorized by SB 744, is given below this notice.

The 2009 legislation will help provide resources for the department to carry out its mandate to protect the health of all California residents who require clinical laboratory testing and ensure laboratory personnel standards through certification.

# CALIFORNIA DEPARTMENT OF PUBLIC HEALTH

## CLINICAL LABORATORY LICENSE/ REGISTRATION ANNUAL FEES AND PHLEBOTOMY 2 YEAR CERTIFICATE FEE

Effective: October 11, 2009

Type of Lab	Annual Test Volume	Application Fee	Renewal Fee	* Delinquency Fee
