<p>HFA Webinars</p> <p>Family Goal Plan Webinar:</p> <p>Prenatal Home Visiting Webinar:</p> <p>CHEEERS Webinar:</p>	<p>In order to meet the expectation of Standard 11.5.C (for Family Goal Plan) and Standard 11-5.B (for Prenatal), the training completion date for these two webinars must be recorded on the individual's training log. Even though the CHEEERS webinar is not required, it will help with the implementation of the 6-3 Standards; if staff watches the CHEEERS webinar, also include it on the individual's training log. Please note that HFA is NOT issuing certificates for these webinars.</p> <p>A note about the technology: All of the webinars have 'pause' capabilities, but the learner cannot 'stop' and later return to where they left off; so completion in a single sitting is encouraged.</p>	<p>Webinars.</p>	<p>HFA</p>	<p>The Family Goal Plan training module is approximately 30 minutes in length. Staff will also need to review the Handout Packet.</p> <p>The Prenatal Home Visiting training module is approximately 1.5 hours in length. Staff should print the Pre-labor Conversations, and Prenatal Home Visiting Resources handouts for future reference when completing the training module.</p> <p>The CHEEERS training module is approximately 1 hour in length. Staff should print the CHEEERS Helpful Prompts and How to Develop Interventions Using CHEEERS handouts for future reference when completing the training module.</p> <p>Registration Information and handouts for all three trainings: http://www.healthyfamiliesamerica.org/webinars/</p>
