

VI. FOOD FUNDS MANAGEMENT

State Agency: CA for FY 2015

Food funds management involves monitoring cost containment measures and procedures related to infant formula and other authorized food items, the monitoring and management of State agency funding sources, and the accurate reporting of participation figures.

A. *Cost Containment Measures - 246.4(a)(14)(x)*: describe the policies and procedures used to implement cost containment measures as they relate to infant formula contracts, their approval and the processing of infant formula and/or other rebates, and food package cost containment practices.

B. *Funds Monitoring/798 Reporting - 246.4(a)(12)and (a) (14)*: describe the State agency's funding sources, how food obligations are calculated to allow for inflation, rebate cash management, and monthly closeout monitoring activities.

C. *Participation Reporting - 246.4(a)(11)(i)*: describe the methods used to accurately document and monitor participation at the State and local level, and methods for monitoring changes in participation by priority.

VI. FOOD FUNDS MANAGEMENT

A. Cost Containment Measures

1. The State agency seeks FNS approval related to infant formula cost containment measures (check one):

- for a waiver of the requirement for a single-supplier competitive system. State agency must complete a cost comparison projecting food cost savings in the single-supplier competitive system based on the lowest monthly net price or highest monthly rebate (as required in Section 246.16a(d)(2)(i) through (d)(2)(iii) and savings under an alternative cost containment system, Section 246.16a(d)(2)(B)
- to issue an infant formula bid solicitation that evaluates bids by highest rebate. A State agency must demonstrate to FNS' satisfaction that the weighted average retail prices for different brands of infant formula in the State vary by 5% or less, Section 246.16a(c)(5)(iii)
- not applicable

Please attach in the Appendix supporting documentation for requests for FNS approval.

e. Infant Formula Issuance.

Does the State agency issue the Primary Contract Infant Formula as the first choice of issuance (by physical form), with all other infant formula infant formulas issued as an alternative? (Section 246.16a(c)(8) & 246.10(e)(1)(iii))

The percent of infants receiving each type of formula is estimated at:

Contract 97.87%

Exempt infant formula 2.13%

Non-exempt infant formula 0%

ADDITIONAL DETAIL: Food Funds Management Appendix and/or Procedure Manual (citation):

3. The State agency's infant formula rebate solicitation/contract contains the following provisions (check all that apply):

- Does not apply (granted waiver or ITO with participation under 1000)
- Establishes the contractor's responsibility to provide sufficient quantities of products covered by contract to all authorized WIC vendors in the State.
- Requires contractor to provide a rebate on all infant formulas it produces that the State agency chooses to issue, except exempt infant formulas. (Section 246.16a(c)(2)(i) & (ii))
- Specifies that the rebate reflects the same percentage discount on the manufacturer's lowest national wholesale cost as the corresponding physical form (i.e., liquid concentrate) of the Primary Contract Infant Formula for which bids were received. (Section 246.16a(c)(7)(i & ii))
- Requires manufacturer to adjust for price changes subsequent to the bid opening. The provision requires a cent-for-cent increase and decrease in the rebate amounts whenever there is any change in the lowest national wholesale price for a full truckload of a particular infant formula. (Section 246.16a(c)(7)(iv))
- Specifies that the contractor shall pay the rebate in effect on the day the participant actually transacts the food instrument (regardless of the food instruments' issuance date). *More accurately, it is the date the vendor submits the FI for payment, which can be the same day of use.

VI. FOOD FUNDS MANAGEMENT

A. Cost Containment Measures

- Requires payment of rebates on all infant formula purchased while contract is in effect, even though the contract may be void at the time payment is due.
- Stipulates sanctions for unfulfilled contract obligations (e.g., if payment is not made within 30 days of the invoice date, the contractor will pay the State agency with interest, at a rate specified in the contract, on the unpaid balance until such time as payment is made over and above the amount due from infant formula rebate.)
- Includes an extension option for a specified length of time. Terms and conditions of extension person(s) are specified in the request for bids and contract.
- Addresses billing discrepancies. Prohibits contractor from withholding rebate payments due under any circumstances. All disputes must be settled by closeout of the fiscal year in which the dispute occurred.

4. For all authorized food, including infant formula, rebate solicitations the following applies:

- The State agency provides a minimum of 30 days between the publication of the rebate solicitation and the date on which the bids are due, unless exempted by the Secretary. (Section 246.16a(c)(1)(i))
- The State agency publicly opens and reads all bids aloud on the day the bids are due. (Section 246.16a(c)(1)(ii))
- The rebate solicitation must identify the composition of State alliances for the purpose of a cost containment measure, and verify that no additional States shall be added between the date of the bid solicitation and the end of the contract. (Section 246.16a(c)(3))

If single solicitation, State agency serves a monthly average of less than 100,000 infants during preceding 12-month period. (Section 246.16a(c)(2)(ii))

Yes No

If no, requested separate bids for milk- and soy-based formulas or other foods.

Yes No

Is solicitation for a State alliance? Yes No
