

Background Information

Revised: 06/17/09

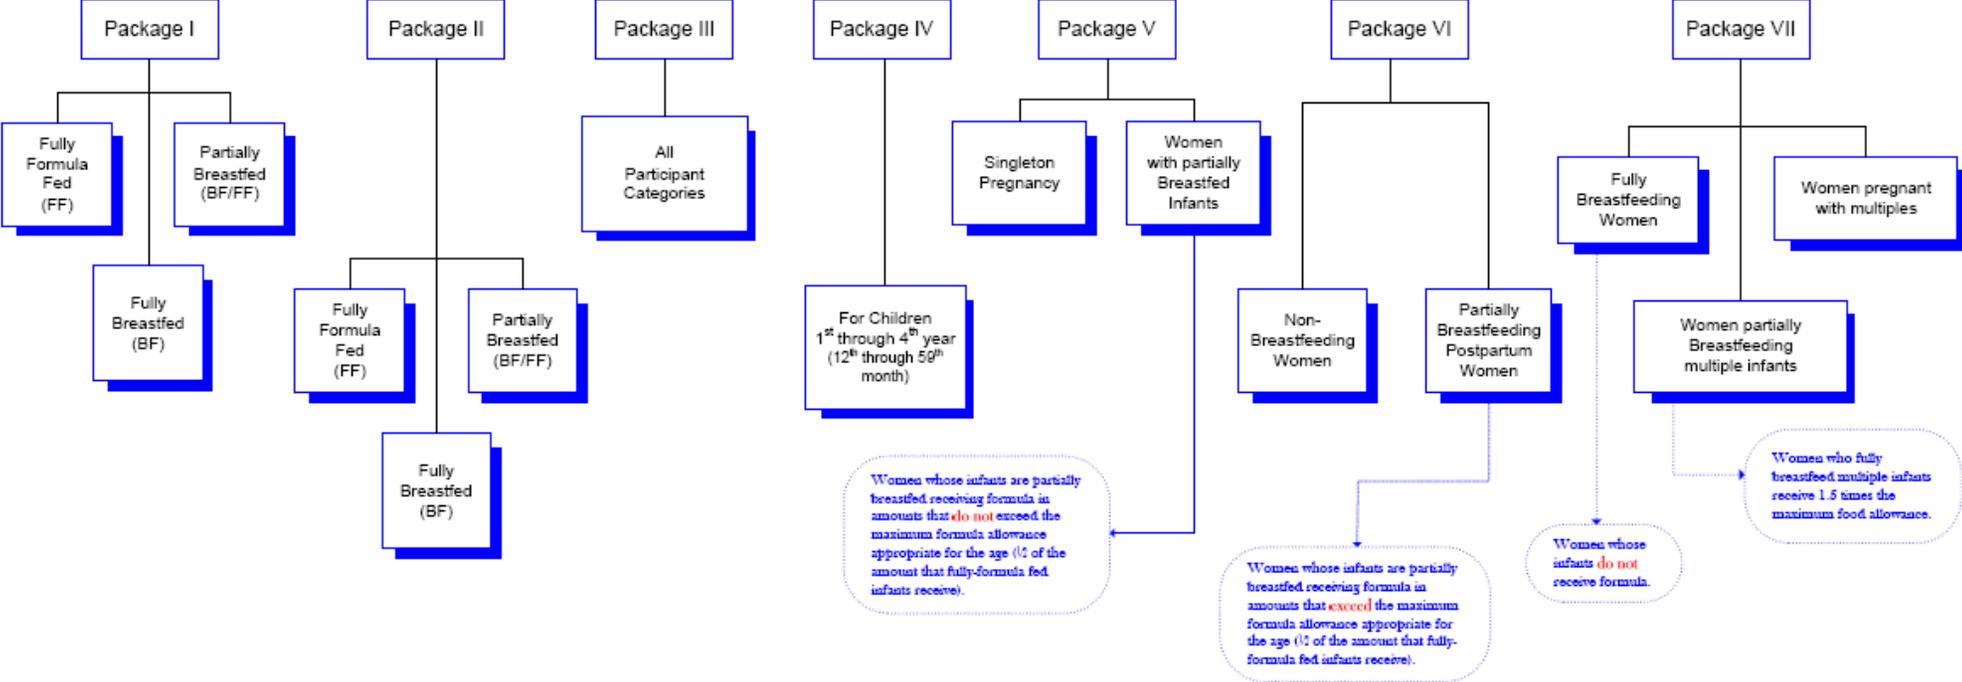

Several documents are included in this module that will assist with learning about ISIS changes related to food package implementation. Also included is contact information should there be additional questions related to any of the training material.

All of the ISIS training modules related to food package implementation can be found on the WIC Home Page (www.wicworks.ca.gov) under the Professional Resources section, Resources for Local WIC Agencies, WebEx Trainings. PowerPoint presentations from the Summer 2009 ISIS WebEx training sessions will not be posted to the website since the material in all of the slides is directly taken from the modules. The modules do include numerous case scenarios that are not covered in the WebEx sessions.
