

California Food Recall Information

Recall Name

JBS Swift Beef Co. Expands Recall of Beef Products Due To Possible E. coli O157:H7 Contamination

Recall Date	Product Description	Recalling Firm	Recall Reason
Expanded 6/28/2009 Original Recall 6/24/2009	The expanded recall includes approximately 380,000 pounds of assorted beef primal products in addition to the approximately 41,280 pounds of multiple beef products recalled on 6/24/09.	JBS Swift Beef Company, Greeley, CO	Possible E. coli O157:H7 contamination.
Recall Class	Product Identification	Distribution	Affected Dates
Class I	<p>The original recall included multiple beef products with boxes bearing the establishment number "EST. 969" inside the USDA mark of inspection and with identifying package dates of "042109" or "042209".</p> <p>The expanded recall is for intact cuts of beef (such as primals, sub-primals, or boxed beef) typically used for steaks and roasts rather than ground beef. Boxes bear the establishment number "EST. 969" inside the USDA mark of inspection and with an identifying package date of "042109" and time stamps ranging from "0618" to "1130".</p> <p>However, these products were sent to establishments and retail stores nationwide for further processing and will likely not bear the establishment number "EST. 969" on products available for direct consumer purchase.</p> <p>List of Products included in the Expanded Recall</p> <p>List of Products included in 6/24/2009 Recall (below)</p>	<p>Nationwide and Internationally</p> <p>CA Retail Distribution List</p>	April 21, 2009 and April 22, 2009.
