Subject: Agenda of the Ninth Meeting, April 10, 2009

Enclosed is the agenda for the ninth meeting of the Forensic Alcohol Review Committee scheduled for April 10, 2009. The subcommittee will report on the status of the draft regulatory work products. The committee members will then review the draft regulatory work products in a continuing effort to evaluate the current California Department of Public Health's regulations pertaining to forensic alcohol analysis (Title 17, California Code of Regulations, Sections 1215 - 1222.2) and consider revisions that are reasonably necessary to ensure the competence of the laboratories and employees to prepare, analyze, and report the results of the tests and comply with applicable laws. The current regulations are available on line at www.calregs.com.

The meeting will be conducted from 10:00 AM to 4:00 PM as a video teleconference from three sites: California Department of Public Health, Richmond Campus located at 850 Marina Bay Parkway, Room C-136, Richmond, CA 94804; California Department of Public Health, 1500 Capitol Avenue, Room 526; and at the San Diego County Aging and Independence Services Administration, Hazard View Conference Room, 9335 Hazard Way, San Diego, CA 92123. All three sites are accessible to the public.

The agenda and other information is also available from a link at the Food and Drug Laboratory Branch website (<http://cdphinternet/services/boards/farc/Pages/default.aspx>).
