

**CALIFORNIA DEPARTMENT OF PUBLIC HEALTH  
PROPOSITION 84, SECTION 75022 - First, Second, and Third Round Active Projects List  
Small Community Infrastructure Improvements for Chemical and Nitrate Contaminants**

**NOTE:** The information on this list is current as of the date indicated below.

Ranking Points	Public Water System Name	Project Number	Project Type	Project Status	Project Description	Total Project Cost	P84 Funded Cost
<b>FIRST ROUND PROJECTS</b>							
<b>ACTIVE PROJECTS (APPLICATION IS BEING PROCESSED)</b>							
23	Lake Morena's Oak Shore MWC	P84C-3700923-001C	Construction	FA Issued	<b>Co-funded with USDA</b> Nitrate exceedance - Construct the water infrastructure designed in feasibility study	\$3,409,000	\$1,069,000
17	Hillview Water Company - Oakhurst/Sierra Lakes	P84C-2010007-005C	Construction	LOC Executed	Arsenic and uranium exceedances - Construct the water infrastructure designed in feasibility study	\$4,705,663	\$4,705,664
16	Riverdale Public Utility District	P84C-1010028-002C	Construction	FA Issued	<b>Co-funded with SRF</b> Arsenic exceedance - Construct the water infrastructure designed in feasibility study	\$8,381,000	\$4,505,022
<b>FUNDED PROJECTS (WITH EXECUTED FUNDING AGREEMENTS)</b>							
30	Wilson Elementary School	P84C-4901136-001	Construction	Complete	<b>Co-funded with ARRA</b> Arsenic exceedance - consolidation with City of Petaluma	\$1,125,000	\$65,490
26	Fairways Tract Mutual Water Company	P84C-5400663-001	Construction	Complete	Nitrate exceedance in two wells - consolidation with City of Porterville	\$916,105	\$916,105
26	Pauma Valley Mutual Water Company	P84C-3700934-001	Feasibility Study	In progress	Nitrate exceedance - study to evaluate options to consolidate with neighboring water systems	\$483,800	\$483,800
24	Edmundson Acres Water System	P84C-1500190-002	Construction	Complete	<b>Co-funded with ARRA</b> Arsenic exceedance - consolidation with Arvin CSD	\$1,524,371	\$19,004
24	Lovell School	P84C-5400634-001	Construction	Complete	<b>Co-funded with SRF</b> Nitrate & DBCP exceedances - consolidation with Cutler PUD	\$926,900	\$185,380
24	Pratt Mutual Water Co	P84C-5410033-003C	Construction	In progress	<b>Co-funded with SRF</b> Arsenic exceedance - Construct the water infrastructure designed in feasibility study	\$4,904,515	\$4,904,515
24	Pratt Mutual Water Co	P84C-5410033-003	Feasibility Study	Complete	<b>Co-funded with SRF</b> Arsenic exceedance in three wells - study to design the pipeline to interconnect to the City of Tulare.	\$486,500	\$97,300
23	Apple Avenue Water System #3	P84C-2701036-001	Feasibility Study	In progress	Nitrate exceedance - study to design the facilities needed to consolidate with the City of Greenfield	\$67,000	\$67,000
23	Lake Morena's Oak Shore MWC	P84C-3700923-001	Feasibility Study	Complete	Nitrate exceedance - study to design a treatment plant and consolidate with the Lake Morena RV Park water system.	\$147,000	\$147,000
23	LSID - El Rancho	P84C-5410052-001C	Construction	In progress	Arsenic exceedance - Construct the water infrastructure designed in feasibility study	\$1,041,000	\$1,041,000
23	LSID - El Rancho	P84C-5410052-001	Feasibility Study	Complete	<b>Additional funds provided by Supplier</b> Nitrate exceedance - study to evaluate consolidation with the City of Lindsay.	\$168,143	\$163,143

Ranking Points	Public Water System Name	Project Number	Project Type	Project Status	Project Description	Total Project Cost	P84 Funded Cost
23	Queen Motel Water System	P84C-2700706-002	Construction	In progress	Nitrate exceedance - consolidation with Cal Water – King City	\$1,033,000	\$1,033,000
22	Kit Carson Elementary School	P84C-1600014-001	Feasibility Study	Complete	<b>Additional funds provided by Supplier</b> Arsenic exceedance - study to design the pipeline for consolidation with the City of Hanford	\$320,203	\$281,383
22	South Fork School	P84C-1502260-001	Construction	Complete	<b>Co-funded with ARRA</b> Uranium exceedance - new well and storage tank project	\$567,086	\$45,168
22	Tooleville Water Company	P84C-5400567-001	Feasibility Study	Project funded by SRF	Arsenic exceedance - study to evaluate treatment options or possible consolidation with the City of Exeter	\$454,380	\$0
20	Aerial Acres Water System	P84C-1500405-001C	Construction	In progress	Arsenic exceedance - Construct the water infrastructure designed in feasibility study	\$2,004,490	\$2,004,490
20	Aerial Acres Water System	P84C-1500405-001	Feasibility Study	Complete	Arsenic exceedance in two wells - study to evaluate treatment options and then design the selected treatment alternative	\$188,373	\$188,373
19	Arvin Community Services District	P84C-1510001-001 P84C-1510001-001P2	Feasibility Study	In progress	Arsenic exceedance in five wells - study to identify three new well locations and then design three production wells	\$499,432	\$499,432
19	Cutler PUD	P84C-5410001-001	Construction	In progress	Nitrate and DBCP exceedances - construct new production wells and blending tank to replace contaminated wells	\$2,931,300	\$2,931,300
18	Alpaugh Joint Powers Authority	P84C-5410050-001 P84C-5410050-001P2	Feasibility Study	In progress	Arsenic exceedance - study to evaluate treatment options and then design the selected treatment alternative	\$474,253	\$474,253
18	City of McFarland	P84C-1510013-002 P84C-1510013-002P2	Feasibility Study	In progress	Arsenic exceedance at Garzoli Well - study to evaluate ion exchange, adsorption, and oxidation/coagulation/filtration treatment options	\$251,798	\$251,798
18	Keeler CSD	P84C-1400036-006	Feasibility Study	Project funded by SRF	Arsenic exceedance - study to design new production wells and treatment	\$304,650	\$0
18	Mojave PUD	P84C-1510014-001	Construction	In progress	Arsenic exceedance - new well and centralized treatment plant	\$5,000,000	\$5,000,000
18	Caruthers Community Services District	P84C-1010039-009C	Construction	In Progress	<b>Additional funds provided by Supplier</b> Arsenic exceedance - Construct the water infrastructure designed in feasibility study	\$4,660,041	\$4,660,041
18	Caruthers Community Services District	P84C-1010039-009	Feasibility Study	Complete	<b>Supplier costs</b> Arsenic exceedance - study to evaluate possible solutions and to design the selected alternative	\$518,000	\$500,000
18	Sierra Linda Mutual Water Company	P84C-2000506-001 P84C-2000506-001P2	Feasibility Study	In Progress	Arsenic and gross alpha exceedances at Well No. 2 - study to evaluate new production well and treatment alternatives and then to design the selected alternative	\$495,000	\$495,000
17	Hillview Water Company - Oakhurst/Sierra Lakes	P84C-2010007-005	Feasibility Study	Complete	Arsenic and uranium exceedances - study to determine the most cost effective treatment solution and design the selected alternative	\$500,000	\$500,000
16	Lewiston CSD (formerly Lewiston Valley Water Company, Inc.)	P84C-5301002-001C	Construction	In progress	Arsenic exceedance - Construct the water infrastructure designed in feasibility study	\$1,386,000	\$1,386,000

Ranking Points	Public Water System Name	Project Number	Project Type	Project Status	Project Description	Total Project Cost	P84 Funded Cost	
16	Lewiston CSD (formerly Lewiston Valley Water Company, Inc.)	P84C-5301002-001	Feasibility Study	Complete	Arsenic exceedance - study to determine the most cost effective, constructible solution	\$313,500	\$313,500	
16	Riverdale Public Utility District	P84C-1010028-002	Feasibility Study	Complete	Arsenic exceedance - study to evaluate treatment options and then design the selected treatment alternative	\$499,800	\$499,800	
16	Tranquility Irrigation District	P84C-1010030-002C	Construction	In progress	Arsenic exceedance - Construct the water infrastructure designed in feasibility study	\$4,508,100	\$4,508,100	
16	Tranquility Irrigation District	P84C-1010030-002	Feasibility Study	Complete	Arsenic exceedances at Wells No. 4 and 5 - study to evaluate the possibility of drilling new production wells	\$497,000	\$497,000	
14	Pinon Pines Mutual Water Company	P84C-1510054-001 P84C-1510054-001P2	Feasibility Study	In progress	Fluoride exceedance - study to design treatment facilities	\$477,500	\$477,500	
<b>Subtotal First Round Projects:</b>		<b>36</b>				<b>Subtotal First Round Costs:</b>	<b>\$56,169,903</b>	<b>\$44,915,561</b>

## SECOND ROUND PROJECTS

### ACTIVE PROJECTS (APPLICATION IS BEING PROCESSED)

26	Hanford, City of	P84C-1610003-004C	Construction	FA Issued	Construct regional consolidation project designed in feasibility study (Lacey Courts MHP, Four Seasons MHP, and Hamblin MWC).	\$4,051,730	\$4,051,730
26	Richgrove Community Services District	P84C-5410024-002C	Construction		Arsenic, DBCP exceedances - Construct infrastructure designed in feasibility study P84C-5410024-002 (Rodriguez Labor Camp (P84C-5400735-002))	\$4,430,000	
25	R.S. Mutual Water Company	P84C-1500458-001	Feasibility Study		Arsenic and uranium exceedance - study to design facilities to consolidate with California Water Service Company - Kernville	\$130,000	
23	MD#43 Miami Creek Knolls	P84C-2000557-003C	Construction	FA Issued	Nitrate exceedance - Construct infrastructure designed in feasibility study	\$3,326,313	\$3,326,313

### FUNDED PROJECTS (WITH EXECUTED FUNDING AGREEMENTS)

31	Long Canyon Water Company	P84C-1500578-002	Feasibility Study	In Progress	Regional consolidation project to address problems with multiple water systems. Includes Rainbird Valley MWC (P84C-1500393-001).	\$496,116	\$496,116
31	Rosamond CSD	P84C-1510018-801	Feasibility Study	In Progress	<b>Co-funded with SRF</b> Regional project to address problems with ten water systems. Selected project alternative is consolidation.	\$1,499,898	\$999,898
28	Lakeside School	P84C-1502154-001 P84C-1502154-001P2	Feasibility Study	In Progress	<b>Co-funded with SRF</b> Arsenic exceedance at Well No. 2 - study to design pipeline necessary to consolidate with City of Bakersfield.	\$503,053	\$500,000
28	Semi Tropic School	P84C-1502244-002	Feasibility Study	Complete	<b>Co-funded with SRF</b> Arsenic exceedance at Well No. 1 - study to design facilities to consolidate with the Lost Hills Utility District	\$88,500	\$17,700
27	KRVWC - Kernvale Mutual Water Company	P84C-1500364-001	Feasibility Study	In Progress	Arsenic exceedance - study to design facilities to consolidate with Erskine Creek WC	\$73,000	\$73,000

Ranking Points	Public Water System Name	Project Number	Project Type	Project Status	Project Description	Total Project Cost	P84 Funded Cost
26	Arnold Park (O Bannon's MHP)	P84C-3500526-001	Feasibility Study	In Progress	Nitrate exceedance - study to design facilities to consolidate with City of Hollister	\$250,000	\$250,000
26	East Niles CSD	P84C-1510006-801	Feasibility Study	In Progress	Regional project to address problems with East Niles CSD, East Wilson Road WS, San Joaquin Estates, and Wilson Road WC.	\$469,051	\$469,051
26	Hanford, City of	P84C-1610003-004	Feasibility Study	Complete	Regional project to address problems with Lacey Courts MHP, Four Seasons MHP, and Hamblin MWC.	\$500,000	\$500,000
26	Hungry Gulch Mutual Water Company	P84C-1500436-001 P84C-1500436-001P2	Feasibility Study	In Progress	Arsenic exceedance - study to design treatment plant and consolidate with Boulder Canyon Water Association (P84C-1500521-001)	\$498,068	\$498,068
26	North Edwards Water District	P84C-1510052-003C	Construction	In Progress	Arsenic exceedance - regional consolidation project. Construct project designed in feasibility study P84C-1510052-003	\$7,816,390	\$7,816,390
26	North Edwards Water District	P84C-1510052-003	Feasibility Study	Complete	Arsenic exceedance - regional project to design a new production well, treatment plant, and pipeline facilities needed to consolidate North Edwards WD, Fountain Trailer Park, and Dunes Apartments.	\$500,000	\$500,000
26	Richgrove Community Services District	P84C-5410024-002	Feasibility Study	Complete	<b>Additional funds (CDBG) provided by Supplier</b> Arsenic and DBCP exceedances - study to design new production well and consolidate with Rodriguez Labor Camp (P84C-5400735-002)	\$450,434	\$100,000
25	Akin Water Company	P84C-5401038-001 P84C-5401038-001P2	Feasibility Study	In Progress	<b>Second Feasibility Study Funding Agreement is Pending</b> Nitrate exceedance - study to design facilities to consolidate with City of Porterville	\$91,000	\$29,365
25	Beverly-Grand Mutual Water Company	P84C-5400651-001	Feasibility Study	In Progress	Nitrate exceedance - study to design facilities to consolidate with City of Porterville	\$113,000	\$113,000
24	El Adobe POA, INC.	P84C-1500493-001	Feasibility Study	In Progress	Arsenic exceedance - study to design facilities to consolidate with Lamont PUD	\$499,821	\$499,821
24	Santa Rosa, City of	P84C-4910009-801	Feasibility Study	In Progress	Regional project to address problems with Lancelot MHP, Moorland Apartments, and Rancho Santa Rosa MHP.	\$500,000	\$500,000
24	Washington School	P84C-2701221-002 P84C-2701221-002P2	Feasibility Study	In Progress	Arsenic and cadmium exceedance - study to design facilities to consolidate with California American Water Company	\$113,453	\$113,453
23	Buena Vista School	P84C-5400919-001	Feasibility Study	Complete	Nitrate exceedance - study to design new production wells and evaluate treatment options	\$295,000	\$295,000
23	CSA 70 W-4	P84C-3600196-501	Feasibility Study	In Progress	Arsenic and uranium exceedance - study to design facilities to interconnect with the High Desert Water Company	\$379,800	\$379,800
23	Fairmont School	P84C-1000112-001 P84C-1000112-001P2	Feasibility Study	In Progress	Nitrate exceedance - study to design one new production well	\$499,955	\$499,955
23	Latrobe Elementary School	P84C-0900410-001 P84C-0900410-001P2	Feasibility Study	In Progress	- FIRST PHASE COMPLETE Arsenic exceedance at Well No. 1 - study to design one new production well.	\$428,927	\$428,927
23	MCHA Los Banos Center	P84C-2400108-001	Construction	Complete	Nitrate exceedance - construct facilities needed to consolidate with the City of Los Banos	\$1,058,412	\$1,058,412

Ranking Points	Public Water System Name	Project Number	Project Type	Project Status	Project Description	Total Project Cost	P84 Funded Cost	
23	MD#43 Miami Creek Knolls	P84C-2000557-003	Feasibility Study	Complete	Nitrate exceedance - study to locate and design new production well	\$500,000	\$500,000	
23	Seventh Standard Mutual Water Company	P84C-1500373-001C	Construction	In Progress	<b>Additional funds provided by Supplier</b> Nitrate exceedance - Construct the water infrastructure designed in feasibility study P84C-1500373-001	\$1,899,570	\$1,899,570	
23	Seventh Standard Mutual Water Company	P84C-1500373-001	Feasibility Study	Complete	Nitrate exceedance - study to design facilities to consolidate with Oildale MWC	\$112,160	\$112,160	
23	Son Shine Properties	P84C-1500588-001	Feasibility Study	In Progress	Nitrate and DBCP exceedances - study to design facilities to consolidate with Arvin CSD	\$465,240	\$465,240	
22	Island Union School	P84C-1600017-002	Feasibility Study	Complete	Arsenic exceedance - study to locate and design new production well	\$500,000	\$500,000	
22	North Fork Union School	P84C-2000612-001	Feasibility Study	Complete	<b>Second Planning with SRF</b> <b>Co-funded with SRF</b> Arsenic exceedance - study to design a new well and treatment plant	\$117,471	\$22,594	
22	Oak Valley School	P84C-5400713-001	Feasibility Study	Complete	Arsenic exceedance - study to locate and design new production well	\$396,000	\$396,000	
22	San Benancio School	P84C-2701227-003	Construction	Complete	<b>Additional funds provided by Supplier</b> Arsenic and cadmium exceedance - construct facilities needed to consolidate with California American Water Company	\$253,747	\$222,147	
22	Sunbird MHP,c/o Coachella Valley WD	P84C-3301755-001C	Construction	Complete	Arsenic exceedance - Construct the water infrastructure to consolidate with Coachella Valley WD as designed in feasibility study P84C-3301755-001	\$497,000	\$497,000	
22	Sunbird MHP,c/o Hawkeye Assets	P84C-3301755-001	Feasibility Study	Complete	Arsenic exceedance - study to design facilities needed to consolidate with the Coachella Valley Water District	\$13,340	\$13,340	
21	County Water Company	P84C-3302093-501 P84C-3302093-501P2	Feasibility Study	In Progress	Second Funding Agreement executed with Eastern MWD Nitrate exceedance - study to design facilities to consolidate with Elsinore Valley MWD	\$500,000	\$500,000	
21	LSID - Tonyville	P84C-5410007-003P	Feasibility Study	Complete	Nitrate exceedance - study to design facilities to interconnect with the City of Lindsay	\$257,500	\$257,500	
<b>Subtotal Second Round Projects:</b>		<b>38</b>				<b>Subtotal Second Round Costs:</b>	<b>\$34,573,949</b>	<b>\$28,901,550</b>

### THIRD ROUND PROJECTS

#### ACTIVE PROJECTS (APPLICATION IS BEING PROCESSED)

24	Saint Anthony Trailer Park	P84C-3301380-001C	Construction		Arsenic exceedance - Well replacement project	\$1,208,230	
23	Souls Mutual Water Company	P84C-5400805-004P	Feasibility Study		Nitrate exceedance - consolidation with City of Tulare	\$153,000	
23	Waukena Elementary School	P84C-5400795-001P	Feasibility Study		Nitrate exceedance - New well project	\$295,000	

Ranking Points	Public Water System Name	Project Number	Project Type	Project Status	Project Description	Total Project Cost	P84 Funded Cost
22	Oxbow Marina	P84C-3400332-001P	Construction		Arsenic exceedance - remediation project	\$3,373,700	
21	Poplar Community Services District	P84C-5410026-002P	Feasibility Study		Nitrate exceedance - remediation project	\$500,000	
20	Kettleman City CSD	P84C-1610009-010C	Construction	LOC Executed	<b>Co-funded with SRF</b> Arsenic exceedance - remediation project	\$7,500,000	\$4,500,000
20	Monterey Park Tract CSD	P84C-5000389-002C	Construction	LOC Executed	Nitrate exceedance - remediation project	\$2,220,269	\$2,220,269
20	Smith's Village Mobile Home Park	P84C-1900520-004P	Feasibility Study		Arsenic exceedance - remediation project	\$397,475	
19	Ivanhoe Public Utility District	P84C-5410019-002P	Feasibility Study		Nitrate exceedance - new well project	\$500,000	
19	Woodville Farm Labor Center	P84C-5400792-003P	Feasibility Study		Nitrate exceedance - remediation project	\$179,000	
18	Leisure Lake Mobile Home Park	P84C-1910066-006P	Feasibility Study		Arsenic exceedance - remediation project	\$61,360	
18	Lemoore Mobile Home Park	P84C-1600031-004C	Construction		Uranium & gross alpha exceedance - consolidation to the City of Lemoore	\$179,576	
18	Mitchell's Avenue Mobile Home Park	P84C-1900785-002P	Feasibility Study		Arsenic exceedance - remediation project	\$215,000	
18	Mount Weske Estates Mutual Water Comp	P84C-4900643-002P	Feasibility Study		Arsenic exceedance - consolidation With Town of Windsor Water District	\$120,000	
18	New Orchard Mobile Home Park	P84C-5200550-003P	Feasibility Study		Arsenic exceedance - remediation project	\$258,811	
<b>FUNDED PROJECTS (WITH EXECUTED FUNDING AGREEMENTS)</b>							
30	City of Yuba City	P84C-5110002-801C	Construction	In progress	Arsenic & perchlorate exceedance - regional consolidation project (El Margarita Mutual Water Company, Wildwood West, Franklin Elementary)	\$7,909,710	\$7,701,751
30	Pershing High School	P84C-1000207-003P	Feasibility Study	In progress	<b>Co-funded with SRF</b> Nitrate & uranium exceedance - consolidation with Central High West	\$275,500	\$55,100
28	Kettleman City Elementary School	P84C-1600048-002P	Feasibility Study	In progress	Arsenic exceedance - consolidation with Kettleman City CSD	\$121,100	\$121,100
27	Diamond Park Mutual Water Company	P84C-3000663-003C	Construction	Complete	Nitrate exceedance - consolidation with City of Santa Ana	\$1,121,727	\$1,121,727
27	Yosemite High School	P84C-2000567-003P	Feasibility Study	In progress	Uranium, fluoride & arsenic exceedance - remediation project	\$450,000	\$450,000

Ranking Points	Public Water System Name	Project Number	Project Type	Project Status	Project Description	Total Project Cost	P84 Funded Cost
26	Baseline Gardens Mutual Water Company	P84C-3610007-006C	Construction	In progress	<b>Co-funded with SRF</b> Nitrate & perchlorate exceedance - consolidation with East Valley WD	\$6,475,835	\$3,475,835
26	Rancho Villa Mobile Acres	P84C-0400058-002C	Construction	In progress	Arsenic exceedance - consolidation with City of Gridley	\$429,412	\$429,412
24	Catalina Street Pump Owners Association	P84C-3000662-003C	Construction	Complete	Uranium exceedance - consolidation with City of Santa Ana	\$441,651	\$441,651
24	Rancho De Sonoma	P84C-4900845-001C	Construction	Complete	Arsenic exceedance - consolidation with the City of Sonoma	\$1,148,432	\$1,148,432
23	Coleville High School	P84C-2600570-002C	Construction	Complete	<b>Co-funded with DWR</b> Uranium and gross alpha exceedance - remediation project	\$842,890	\$729,169
22	Barry Elementary School	P84C-5100149-002P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$268,510	\$268,510
22	Oak Creek Intermediate School	P84C-2000614-002P	Feasibility Study	In progress	Uranium exceedance - remediation project	\$127,500	\$127,500
22	Millers Hill School	P84C-0900210-004P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$396,700	\$396,700
22	Gratton School	P84C-5000273-002P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$373,500	\$373,500
22	MUSD-Nile Garden School	P84C-3901169-002P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$480,000	\$480,000
22	Washington Union High School	P84C-1000221-001P	Feasibility Study	In progress	Dibromochloropropane (DBCP) exceedance - remediation project	\$499,862	\$499,862
21	Vaughn Water Company, Inc.	P84C-1510029-801P	Feasibility Study	In progress	Nitrate and As exceedance - Regional consolidation with Vaughn WC	\$958,200	\$958,200
21	Tokay Park Water Company	P84C-3400172-004P	Feasibility Study	In progress	Perchlorate exceedance - interconnection project	\$270,000	\$270,000
21	Seville Water Company	P84C-5400550-007P	Feasibility Study	In progress	Nitrate exceedance - new well project	\$691,000	\$691,000
20	Piute Mountain School	P84C-1502607-003P	Feasibility Study	In progress	Fluoride exceedance - remediation project	\$427,930	\$427,930
20	Quail Valley Water District - Eastside System	P84C-1502724-001P	Feasibility Study	In progress	Arsenic, antimony, fluoride exceedance - consolidation with QVWD-Westside	\$498,532	\$498,532
20	Kettleman City CSD	P84C-1610009-010P	Feasibility Study	In progress	<b>Co-funded with SRF</b> Arsenic exceedance - remediation project	\$500,000	\$500,000
20	Valley Ford Water Association	P84C-4900568-001P	Feasibility Study	In progress	Nitrate exceedance. remediation project	\$485,000	\$485,000

Ranking Points	Public Water System Name	Project Number	Project Type	Project Status	Project Description	Total Project Cost	P84 Funded Cost
19	Iverson & Jacks Apartments Water System	P84C-2701068-002P	Feasibility Study	In progress	Nitrate exceedance - remediation project	\$258,273	\$258,273
19	MD#07 Marina View Heights	P84C-2000551-003P	Feasibility Study	In progress	Arsenic & uranium exceedance - remediation project	\$500,000	\$500,000
19	MD#06 Lake Shore Park	P84C-2000550-002P	Feasibility Study	In progress	<b>Co-funded with SRF</b> Arsenic, uranium & gross alpha exceedance - remediation project	\$500,000	\$100,000
19	Ducor CSD	P84C-5400542-005P	Feasibility Study	In progress	<b>Co-funded with SRF</b> Nitrate exceedance - remediation project	\$138,850	\$27,770
18	Cuyama Community Services District	P84C-4210009-002C	Construction	In progress	Arsenic exceedance - remediation project	\$830,611	\$830,611
18	Lakeview Ranchos MWC	P84C-1500525-001P	Feasibility Study	In progress	Arsenic exceedance - Remediation Project	\$467,500	\$467,500
18	Fourth Street Water System	P84C-1500449-002P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$410,000	\$410,000
18	Rand Communities CWD - Randsburg	P84C-1510016-004P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$435,000	\$435,000
18	Pixley Public Utility District	P84C-5410009-009P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$500,000	\$500,000
18	Hillview Water Company - Raymond	P84C-2010012-001P	Feasibility Study	In progress	Nitrate & arsenic exceedance - remediation project	\$500,000	\$500,000
18	Sutter Co. WWD#1 (Robbins)	P84C-5100107-002P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$500,000	\$500,000
18	Lanare CSD	P84C-1000053-006P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$500,000	\$500,000
18	Zonneveld Dairy	P84C-1000369-002P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$472,000	\$472,000
18	Los Molinos Community Services District	P84C-5210003-801P	Feasibility Study	In progress	Arsenic exceedance - remediation project	\$202,191	\$202,191
17	Century Mobile Home Park	P84C-3900579-002P	Feasibility Study	In progress	Nitrate & arsenic exceedance - new well project	\$373,500	\$373,500
17	East Orosi CSD	P84C-5401003-003P	Feasibility Study	In progress	Nitrate exceedance - remediation project	\$472,584	\$472,584
17	MD#42 Still Meadow	P84C-2000737-002P	Feasibility Study	In progress	Arsenic & gross alpha exceedance - remediation project	\$278,000	\$278,000
17	Salyer MWC (formerly Riverview Acres Water System)	P84C-5304501-004P	Feasibility Study	In progress	System under boil water order - surface water treatment project	\$135,000	\$135,000
