

ON AND OFF WORK, YOU HAVE GREAT OPTIONS TO STAY PROTECTED FROM COVID-19.

1. Get vaccinated and boosted.
Prevent serious illness,
hospitalization, and death.

2. Test and treat.
Get tested if you have
symptoms. If positive, ask
your healthcare provider
about treatment options.

3. Choose to mask when:

- You or a loved one is high risk
- You're in a crowded indoor space
- There are new variants or outbreaks
- Cases are high in your community

**USE THE TOOLS
TO NOT GET SICK.**
