VENDOR ALERT 2023 – 02

TO: ALL WIC VENDORS
 SUBJECT: Enfamil ProSobee Recall

Purpose The California Department of Public Health, Women, Infants and Children Division (CDPH/WIC) is notifying all WIC authorized vendors that there is a recall for Enfamil ProSobee Powder infant formula.

Background Reckitt/MJN has voluntarily recalled two small batches of Enfamil ProSobee Powder 12.9 oz containers that were manufactured between August 2022 and September 2022. Reckitt/MJN has confirmed that this recall involves approximately 145,000 containers nationwide. No other ProSobee Powder formula batches or other Reckitt/MJN products, such as ProSobee Concentrate, are impacted.

Action for Vendors Check to see if any Enfamil ProSobee Powder formulas in the 12.9 oz size in your store are recalled products. Products with batch codes **ZL2HZF** and **ZL2HZZ** both with a UPC/SKU of **300871214415** and a “**Use By Date**” of “**1 Mar 2024**” are affected by the recall. For more information, please visit the Enfamil ProSobee recall website: <https://www.enfamil.com/prosobee-recall-2023/>.

WIC families who have purchased any recalled ProSobee formula containers using their WIC Card may exercise the same rights as all other consumers under this recall and exchange the formula for an identical product at the vendor location where it was purchased.

If a WIC customer cannot make an exchange at the vendor location in which the formula was purchased, they should call Reckitt/MJN at 1-800-479-0551 to have their ProSobee formula replaced.
