\* "YES" indicates county had a policy or local health order that required HCP who refused vaccination to wear a surgical mask at all times while in the hospital during the 2015-2016 influenza season;

"NO" indicates county did not have such a policy or health order.

\*\* Two counties are excluded from this report. Alpine County has a mask policy but no acute care hospital, therefore, is not subject to these reporting requirements. Sierra County has no mask policy and no acute care hospital.

The Inpatient Rehabilitation Facilities (IRF) are excluded, for detailed explanation see the Technical Notes.
