## Healthcare-Associated Infections Report, 2016

## Children's Hospital Los Angeles (Los Angeles)

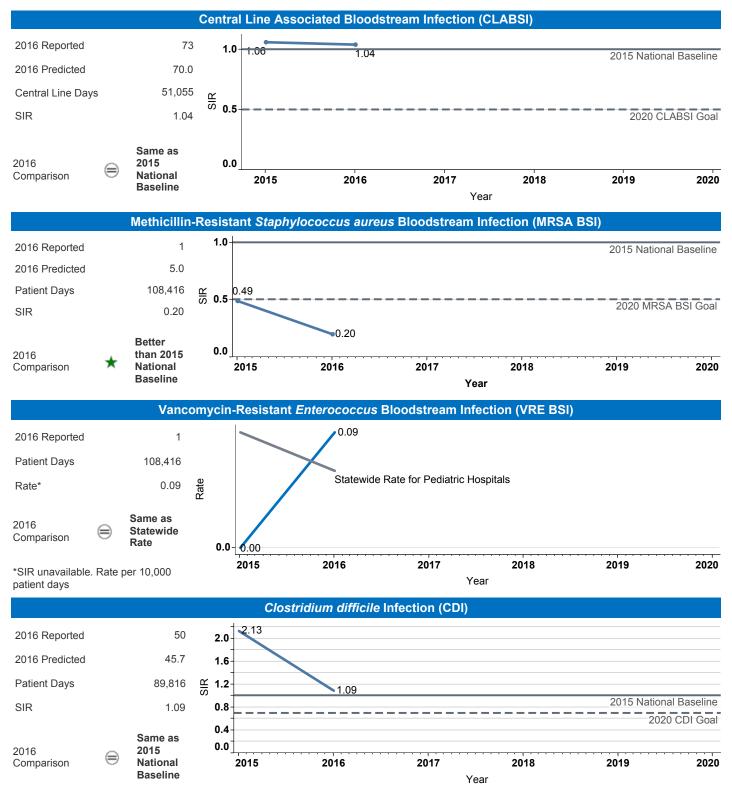

## Hospital Characteristics

CountyMedical School AffiliationHospital TypeLos AngelesMajorPediatric

Select by Facility Name Children's Hospital Los Angeles

The **blue lines** show this hospital's healthcare-associated infection (HAI) incidence for 2015 and 2016, reported as standardized infection ratios (SIR) when possible. Each result is interpreted as the escape standardized infection as the standardized infection ratio (SIR) and the standardized infection ratio (SIR) when possible. Each result is interpreted as the standardized infection (HAI) incidence for 2015 and 2016, reported as standardized infection ratios (SIR) when possible. Each result is interpreted as the standardized infection (HAI) incidence for 2015 and 2016, reported as standardized infection ratios (SIR) when possible. Each result is interpreted as the standardized infection (HAI) incidence for 2015 and 2016, reported as standardized infection ratios (SIR) when possible.

## Surgical Site Infection (SSI)

| Procedure Type                         | Reported<br>SSI | Predicted<br>SSI | Number of<br>Procedures | SIR                                    | Compared with<br>2015 National<br>Baseline |
|--|-----------------|------------------|-------------------------|--|--|
| Appendix surgery                       | 0               | 0.1              | 9                       | Not enough procedures to calculate SIR |  |
| Bile duct, liver or pancreatic surgery | 0               | 0.0              | 1                       | Not enough procedures to calculate SIR |  |
| Cardiac surgery                        | 0               | 0.0              | 7                       | Not enough procedures to calculate SIR |  |
| Colon surgery                          | 0               | 0.2              | 9                       | 0.00                                   | 😑 Same                                     |
| Exploratory abdominal surgery (lapar   | 0               | 0.0              | 5                       | Not enough procedures to calculate SIR |  |
| Gallbladder surgery                    | 0               | 0.0              | 7                       | Not enough procedures to calculate SIR |  |
| Gastric surgery                        | 0               | 0.0              | 1                       | Not enough procedures to calculate SIR |  |
| Heart transplant                       | 0               | 0.0              | 1                       | Not enough procedures to calculate SIR |  |
| Hip prosthesis                         | 0               | 0.1              | 7                       | Not enough procedures to calculate SIR |  |
| Kidney surgery                         | 0               | 0.0              | 2                       | Not enough procedures to calculate SIR |  |
| Kidney transplant                      | 0               | 0.0              | 1                       | Not enough procedures to calculate SIR |  |
| Laminectomy                            | 1               | 0.0              | 4                       | Not enough procedures to calculate SIR |  |
| Open reduction of fracture             | 0               | 0.0              | 3                       | Not enough procedures to calculate SIR |  |
| Ovarian surgery                        | 0               | 0.0              | 10                      | Not enough procedures to calculate SIR |  |
| Small bowel surgery                    | 0               | 0.1              | 3                       | Not enough procedures to calculate SIR |  |
| Spinal fusion                          | 0               | 0.1              | 17                      | Not enough procedures to calculate SIR |  |
| Spleen surgery                         | 0               | 0.0              | 1                       | Not enough procedures to calculate SIR |  |
| Thoracic surgery                       | 0               | 0.0              | 8                       | Not enough procedures to calculate SIR |  |
