TOTAL FFS and PART D MEDI-CAL (DHCS)	\$ 334,195	\$ 269,802	\$ -	\$ -	\$ 603,997	\$ 347,786	\$ 336,023	\$ -	\$ -	\$ 683,809	\$ 399,997	\$ 333,363	\$ -	\$ -	\$ 733,360
TOTAL CDPH/DHCS AIDS/HIV FUNDING	\$ 355,415	\$ 443,214	\$ 324,157	\$ 452	\$ 1,123,238	\$ 386,200	\$ 534,219	\$ 357,718	\$ 884	\$ 1,279,021	\$ 438,411	\$ 527,769	\$ 395,586	\$ 735	\$ 1,362,501

1/ Reimbursements from DHCS Federal Title XIX (Medicaid) are included in the CDPH-Office of AIDS row because they are Office of AIDS expenditures.

2/ Office of AIDS payments to DHCS Audits and Investigations are included in the CDPH-Office of AIDS row because they are Office of AIDS expenditures.

3/ Housing's Actuals are captured under Care and Support Portfolio. Figures for FY 2020-21 and FY 2021-22 represent Notice of Awards amount from federal grants for FY 2020-21.

4/ Beginning with the 2019 Governor's Budget, AIDS Drug Assistance Program (ADAP) Insurance Assistance and ADAP Medication Program are included under AIDS Drug Assistance Program (ADAP) Portfolio.

5/ Reflects HIV/AIDS-related expenditures by the Medi-Cal program. Total FY 2019-20 expenditures are actuals. July – Dec 2020 expenditures are actuals. Historically expenditures in the second half of the fiscal year are lower than expenditures in the first half due to the two weeks of checkwrites held in June and paid in July. FY 2020-21 estimated expenditures projected by annualizing based off Jul-Dec 2020 actuals, then adjusting for the two week checkwrite holds in June 2021. Expenditures for FY 2021-22 are estimated on a growth factor of 5.0 percent from the prior fiscal year and include the effects of the Families First Coronavirus Response Act (FFCRA).

Starting Jan 2014, HIV/AIDS related expenditures are limited to claims with a HIV diagnosis and HIV related drugs. Prior to January 2014, additional expenditures for beneficiaries with a HIV diagnosis were included if it was associated with HIV/AIDS treatment. The actual expenditures included in this estimate can be found on DHCS' website (https://www.dhcs.ca.gov/dataandstats/statistics/Pages/Medi-Cal_Fee-for-Service_Expenditures.aspx). Additional months of data are not available for inclusion in this estimate. These figures are difficult to project because Medi-Cal does not project AIDS costs separately from other Medi-Cal costs. In addition, the DHCS does not track AIDS-related expenditures for Medi-Cal eligibles that receive treatment in Managed Care systems, so expenditures reflect Medi-Cal Fee-For-Service payments only.

The FFCRA increased the federal medical assistance percentage (FMAP) by 6.2 percentage points for certain expenditures in Medicaid through the end of the national public health emergency. The 50% GF/ 50% FF FMAP is applied to Jul-Dec 2019 and Jan-Mar 2022, all other time periods are calculated using the FFCRA increased FMAP of 43.8% GF/56.2% FF. The impact of the increased FMAP is projected through December 31, 2021.

6/ On Jan 1, 2006, Medi-Cal HIV/AIDS beneficiaries that are also Medicare eligible were enrolled in a Medicare Part D plan and Medicare began paying for the majority of the beneficiaries drug need. Medi-Cal uses the percent of HIV/AIDS drug expenditures from calendar year 2003 of the expenditures of Part D drugs (4.26%) to estimate the HIV/AIDS related expenditures of Medi-Cal's Part D payments. Estimated expenditures for FY 2020-21 and FY 2021-22 include the effects of the Families First Coronavirus Response Act (FFCRA).

The FFCRA increased the federal medical assistance percentage (FMAP) by 6.2 percentage points for certain expenditures in Medicaid through the end of the national public health emergency. This reduced the phased-down State contribution (PMPM) rate for 2020 by \$16.61 below the \$133.94 PMPM (actual) and the PMPM rate for 2021 by \$17.08 below the \$137.76 PMPM (actual). The FFCRA also includes a "continuous coverage requirement" requiring states to halt disenrollments of Medicaid eligibles until the end of the national public health emergency, and temporarily increasing the Medi-Cal caseload. The impact of the FFCRA is projected through Dec 31, 2021. The source for this estimate is the May 2021 Medi-Cal Local Assistance Estimate.

- 1/ Prior to 2012-13, funding was specifically set aside in the University of California's budget for AIDS research. Beginning in 2012-13, nearly all earmarks were eliminated from the University's budget. However, the University continued to allocate funding for this program at 2011-12 levels through 2019-20. The University allocated less in 2020-21 due to a reduction in its General Fund appropriation in the 2020 Budget Act.
- 2/ CDE actual expenditures have been updated after FY2019 closed.
- 3/ Past year actuals reflect payments towards the AIDS prevention mandate through one-time discretionary payments that retire mandate debt. The amount that has been retired is not determined until the SCO releases updated figures in the fall of each year. Current and budget year values do not reflect potential mandate debt retirement.
- 4/ Total funding for each year includes special fund expenditures by CDPH.
