KNOWLEDGEABLE ABOUT:

HIV treatment, education, and building trusting relationships. Having the ability to work in a clinic that treat patients of all ages, cultures, and backgrounds has allowed me to gain knowledge with all population subsets.

LEARN MORE ABOUT:

Learning about HIV and its subject matter is not limiting to a specific subject. It's exciting to see how HIV treatment continues to evolve and provide positive outcomes for those Living with HIV. As well as the added prevention now available PrEP!

I am a registered nurse who believes in providing excellent care, treating individuals with respect and dignity. Advocating for the services, and working through barriers.
