

FINAL STATEMENT OF REASONS

The information contained in the Initial Statement of Reasons at the time of Public Notice remains unchanged.

Alternatives Determination:

The Department has determined that no reasonable alternative considered by the Department, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which the emergency action was taken, or would be as effective and less burdensome to affected private persons than the adopted regulations, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Local Mandate Determination:

The Department has determined that the regulations do not impose a mandate on local agencies or school districts, nor are there any costs for which reimbursement is required by Part 7 (commencing with Section 17500) of Division 4 of the Government Code, nor are there any other non-discretionary costs imposed.

Impact on Business:

The Department has made a determination that the regulations do not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.
